

Lex Pixeli®

Evidence Made Clear

Portfolio of Services

Lex Pixeli, where precision in digital media meets legal expertise. We are at the forefront of visual and audio technology in the legal field, specializing in refining and clarifying case-related visuals and audio. Our services provide attorneys, paralegals, and courtrooms with indispensable tools for evidence presentation. Committed to excellence and meticulous detail, we ensure that every pixel and sound wave tells the truth, delivering clear and compelling presentations that make a profound impact in the pursuit of justice. Whether it's enhancing surveillance footage and audio, creating detailed reenactments, or producing interactive evidence presentations, Lex Pixeli is dedicated to supporting critical decision-making processes and transforming complex legal information into coherent visuals and audio.

- **Secure Off-line A.I. Audio Transcription** ■ **Audio Recovery and Clarification**
- **Video/Image Enhancement, Enlargement, Speed Adjustment, Transcoding**
